

IRS Letters Being Sent To Taxpayers

If you received an **Economic Impact Stimulus Payment** in 2021 (most of them are for \$1400 each person), you will receive a letter from the IRS. The letter will be a **6475 Letter** telling you important information that we will need for your tax return preparation.

Also,

If you received any **Advance Child Tax Credit Payments** you will receive a **6419 Letter** that will provide the information we need to reconcile your payments with your return. Without this letter you will not be able to file or get your refund. Another way to check on the status of your child tax credit payments, if you don't get your letter, is through the IRS CTC portal.

DataView does not have the information about either of your checks nor are we able to find it. If you can't find your letters you will need to contact the IRS and request the information.
